

Student Services & Learning for the Digital Age

Get tools designed for education to boost student success

What is ConexED?

ConexED is the first complete appointment scheduling, student kiosk, video meeting, and reporting system designed specifically for higher education. Our streamlined, all-in-one EdTech software provides everything you need to increase student engagement, boost retention, and provide equal access to services — whether on or off campus — with a cloud-based platform that requires no software installation.

Boost student engagement

Offer students, faculty and staff the convenience and flexibility to schedule and meet from anywhere, on any device. Our integrated scheduling software, on-site kiosk and queuing system, and interactive video meeting platform make it easy for students to connect with vital support services like admissions and records, financial aid, academic advising and counseling, tutoring, instructor office hours, and library services.

Ensure student equity and access

Provide students equal access to the resources they need, regardless of ability level or circumstances. ConexED conforms to all ADA regulations and WCAG 2.1 guidelines with assistive technology features like real-time, AI powered closed captioning, text to speech, screen reader compatibility, and keyboard shortcuts.
